### “A Blessed Ministry” — SuJanne Tam

*As a woman of God, I found it very challenging to maintain a good balance between “to love others and to love myself”. As we grow up, we did experience relationship problems and hurts, which affected our sense of relationship and boundary. In the process of raising children, supporting husband, taking care of elderly parents, working a job, serving in church, I realize that I sometimes feel lost in playing so many roles and hard to maintain a healthy balance among the many demands. I need time to rest, to reflect, and to learn effective ways to focus. I need a supportive environment and process to recognize, accept, forgive, and to get healed.*

*A few years ago, a sister in the Lord gave me a book “A Woman After God's Heart”. I spent time to read it and learn a lot from it. In this past year, in the Pearl Group monthly meetings, we followed the study guide provided in the book to learn various issues common to us. Our prayer is that we can grow and live a life more glorifying to God at home, at work, and in church. We want to shine brighter than jewels, and be a greater blessing to others.*

*We are a group of women with similar age, similar background, and same belief. We came together to discuss and share about issues related to being a Christian woman. We all found it a great place to talk out our feelings. Two hours meeting usually was too short for us. Our two discussion leaders helped us a lot. We learned to care better for ourselves, and be a better disciple of God. I did not feel alone anymore. I did not feel bad for myself as before.*

*In the beginning, our members did not know each other that well. Through the group experience, we learned to care for each other. We grew in the Lord, acquired new insights in improving relationships with husband, children, and in-laws. I learned to become more positive and enthusiastic. I love my group.*

### 「滿有祝福的事工」 雷世錦

身為一個信徒婦女，要能在自己的人生成長過程中，不被過去的傷痛經驗所轄制，並能有效地建立合適的人際界限，既能愛己，也能愛人，這並非一樁易事。兼且，要能在照顧子女，支持丈夫，照料長者，應付工作，教會侍奉……等，各方面取得健康的平衡，確是需要用心去學習的功課。在這個學習成長的過程中，要走過「察覺」、「接納」、「饒恕」、「醫治」……等步驟。

許多年前，張世明牧師之先母送我《屬神的女人》一書，我看過之後，獲益良多。在過去的一年，我們一群信徒婦女使用這書作研討指引，大家都有各種的得著。期盼各人都能在家中，在工作地方，在教會裡，表現出珍珠般的柔美光輝，影響四周的人，成為神的美好見證。

當十來位年齡相仿，背景相似，信仰相同的姊妹們聚在一起討論“屬神的女人”的功課，並分享自身的經歷時，每個人似乎都找到了抒發的管道。短短兩小時的聚會時間往往都是不夠的。

兩位恩泉的輔導，幫助我們學習課本上的功課，使我喜歡自己，作合神心意的女人；經由姐妹們之間的交通，了解到：「噢！原來我並不孤單。」「噢！原來我還不是最壞的Case。」

原本不認識的，藉此而彼此關懷；原本認識的，經由參加小組而更相知。婆媳的問題，親子的緊張關係，夫妻間的互動，都在一次次聚會中得到亮光。我覺得自己變得更積極，樂觀，我愛珍珠小組。
